## INTRODUCTION

In the black of night, he stalks his unwitting victims with the passion of a Prince and the grace of a wild animal. Able to assume the guise of everything from a shadow on the wall to a jagged-tooth wolf beast, he feeds on the living, sinking his pearly fangs into their fair throats and sipping on their life-giving blood. For he is the Prince of Darkness – Count Dracula – and he has cast his hypnotic spell on your lovely mistress, Mina Murray. Now you, Jonathan Harker, must drive a stake through the heart of this vampire and save the fair Mina from a fate worse than death – eternal life as a vampiress.

To load the game, ensure that your Amiga is turned off for at least 30 seconds before inserting the game disk and turning on. The game will now load.

## THE GAME

You play the part of Jonathan Harker, adventurer and vampire hunter. Count Dracula has your fiancée Mina Murray under his evil spell. Your quest is to rescue Mina by first destroying all of the coffins full of Transylvanian earth that Dracula uses to sleep in during the day. These coffins give him the strength to exist and he has scattered them everywhere. By following his trail and destroying them, you will eventually catch him up and drive him back to his castle in Transylvania – the only place where he can be finally destroyed forever.

However, Dracula is not alone. He has hordes of helpers who will fight you on his behalf. Owls, bats, snakes, rats and spiders are his beloved creatures that will attack you and, although their fangs are small, they may be deadly. Dark and evil men who lust for Dracula's gold and do his bidding are the henchmen – mighty opponents. But most deadly of all are his minions – the Brides of Dracula, Renfield the madman and Mina's old friend, Lucy, now a vampiress.

### **[The Asylum] (Il Manicomio)**

Nel manicomio, il vostro vecchio collega Renfield, divenuto ora un servo pazzo del Conte, è a guardia di un altro nascondiglio segreto delle bare di Dracula. Distruggetele e poi tornate al suo inseguimento.

### **[Dr. Seward's Offices] (Gli uffici del Dott. Seward)**

L'ultimo nascondiglio possibile per Dracula in Inghilterra. Distruggete le bare che trovate qui e Dracula sarà costretto a tornare in Transilvania, ma solo se riuscirete a distruggerlo nella sua forma di pipistrello.

### **[The Return to Castle Dracula] (Ritorno al Castello di Dracula)**

L'ultimo stadio: la forza vitale di Dracula è quasi esaurita quando lo incontrate per l'ultima volta nella sua forma terrena. Distruggete le bare che si trovano qui e finalmente Dracula sarà in vostro potere, a meno che voi non cadiate nel suo...

### **Extra Lives**

When one of the servants of Dracula defeats you in a fight, you will not be killed right away – that is not his way. He will want you alive so your blood can slowly feed his Brides. With luck, you will escape 3 times before being killed. Van Helsing has left a special item that will help you to escape to fight again one more time.

## **THE STAGES**

### **[Carfax Abbey]**

Back on Dracula's trail, you track him down to Carfax Abbey. Fight your way through his creatures and defeat him in his wolf form.

Renfield il pazzo e la vecchia amica di Mina, Lucy, ormai trasformata in vampira.

Dracula lascia spesso uno dei suoi tirapiedi a guardia dell'ultima bara in ogni postazione; se non c'è un tirapiedi, è Dracula stesso, in una delle sue mille forme a fare da guardia.
